

Attention Seniors Buying Medicare Advantage Plans

The government is making changes to its Medicare Advantage Plan that may affect you or a family member.

If you are being asked to switch from your current plan to a new one, please choose wisely to avoid additional out of pocket increases. Also, check to be sure your providers are part of the plan's network.

Bronson Methodist Hospital, Bronson Vicksburg Hospital, Bronson LakeView Hospital and our employed providers accept Medicare Advantage Private Fee for Service Plans and participate with these Medicare Advantage Plans:

- Blue Care Network Medicare Advantage Plans
- Humana Medicare Advantage Plans
- Priority Health Medicare Advantage Plans

Bronson does not participate with the new Blue Cross Blue Shield of Michigan Medicare Advantage Plan called **Medicare Plus Blue PPO**.

For more information about the hospitals and physicians available in your plan's network, call your Medicare Advantage Plan.
